February 1, 2020

DO # Q-16014/01/2019-AI(RD)Pt.1

Dear Colleague,

Mission Antyodaya Survey, 2019 was scheduled to conclude on 31st December, 2019. However, on request it was extended upto 15th January, 2020. It is worth mentioning that States and UTs, whose progress were lagging earlier, have made significant progress during this extended period. At the national level, 95 per cent of Gram Panchayats (GPs) have completed their data uploading and 90 per cent GPs have their data verified by their respective BDOs. However, 12,994 GPs are yet to complete data uploading and 30,871 GPs to complete data verification.

You would appreciate that completion of this process is indispensable for any further data analysis. We are aware of the challenges that decelerated the pace of the Survey in some of the States and UTs. Taking this into account, we have decided to further extend the completion date of Mission Antyodaya Survey, 2019 to 7th February, 2020.

I, therefore, request you to issue suitable instructions to all concerned to complete the data uploading and verification of Mission Antyodaya Survey, 2019 data by **February 07, 2020**. As this date would not be extended further, hence the data uploaded on the portal would be frozen thereafter.

With regards,

Yours sincerely,

11/02/2020
(Rajesh Bhushan)

The ACS/ Principal Secretary/Secretary of Rural Development of all States/UTs (except Mizoram)
